Herald — Fixed

Field	Value
Revision	6
Created	2026-05-20
Last modified	2026-05-21
Status	active
Status summary	HRD-012 Claude Code dispatcher live integration closed atomically per §107 — Plan 2 Tasks 6 + 7 produced two independent live PASS runs (24s + 36s) against real <code>claude --resume</code> with exact-match assertions on <code>session_uuid</code> , <code>anchor_path</code> , <code>Outcome</code> , and <code>Summary</code> . HRD-011 Telegram stays open ("code complete, awaiting live E17/E19 evidence") per §107 — operator credentials needed before live PASS captured. Prior: HRD-010 <code>commons_storage</code> + the E14 RLS-bypass production bug fix; Foundation M1/M2/M3.
Issues	see <code>Issues.md</code>
Issues summary	HRD-008/-011 (code complete pending creds) /-015/-016/-018 (<code>in_progress</code>) + HRD-019..HRD-056 + HRD-081 + HRD-085..HRD-090 still open.
Fixed	HRD-001..HRD-007, HRD-009, HRD-009b, HRD-010, HRD-012, HRD-013, HRD-014, HRD-017, HRD-080 (and HRD-018 partial — M1 component landed) spec V1→V3 r7; Go module foundation + Foundation M1/M2/M3; HRD-010
Fixed summary	<code>commons_storage</code> live wiring; HRD-012 Claude Code dispatcher live (live PASS evidence captured); universal §11.4.73 + §11.4.74 mandates propagated; I6 gate refined.
Continuation	see <code>CONTINUATION.md</code> .
